The screenshot shows the DIAL CRM interface on a computer monitor. The browser address bar displays `https://dialcrm.com/Client/PurchaseInvoices?dt=td`. The page title is "Purchase Invoices" under the "Purchase Manager" section. A summary table shows data for TODAY, YESTERDAY, 1 WEEK, 1 MONTH, and ALL. Below this is a filter section with fields for Seller Company, Key Contact, Buyer Company, Buyer Branch, Status, Type, From Date, and To Date. The main content area shows "Showing Records = 1" and summary statistics: Bill Qt = 100, Bill Amt = 18, TDS = 0, Paid Amt = 0, Balance = 18, CGST = 1.35, and SGST = 1.35. Two pie charts are displayed: one for "GetOn, CP" at 100% and another for "Unpaid" at 100%. A sidebar on the left lists various CRM modules, and the DIAL CRM logo is visible at the bottom of the monitor.
